

ORGANIZATIONS OF EX-SERVICE MEN SQUABBLING

Differences Over Soldiers' Relief Demands Result in Charges Being Hurlled

HALPER BRANDED RADICAL

Kitchin Declares Fully \$20,000,000 Necessary for Relief

(By Associated Press)
Washington, March 5.—Differences between organizations of former service men were aired again today before the House Ways and Means committee which is considering soldier relief legislation.

M. G. Sperry, national president of the Private Soldiers and Sailors Legion, appearing to urge a flat payment of \$500 to all former service men, charged that J. H. Harper, a member of the legislative committee of the Rank and File Veterans' association, was a socialist and communist and "had tried to turn over the private soldiers and sailors legion to the communist party of New York."

S. Savenheim, chairman of the Rank and File Veterans' association, told the committee a composite bill including land grants, vocational training and financial aid suggested by the American legion would "keep the committee talking two or three years."

Former service men, he said, would be satisfied with a bonus of \$1 a day with a minimum of \$180.

Representative Kitchin, of North Carolina, declared \$20,000,000 must be raised for future needs of former service men.

MINE WORKERS UNION DISBARS ALIEN MEMBERS

Must Actually Become Citizens Before Being Admitted

(By Associated Press)
Columbus, O., March 5.—Hereafter a declaration of citizenship by a foreigner will not be sufficient to entitle him to membership in the United Mine Workers of Ohio. He must actually become a citizen.

Ohio miners in session here amended their constitution by making citizenship compulsory on all members of the organization.

EMPLOYEES GET AN INCREASE BY THEIR OWN VOTE

(By Associated Press)
Cleveland, O., March 5.—Employees of the Reliable Stove company, a branch of the American Stove Company here, through their employees congress have awarded themselves a wage increase on hourly rates averaging eleven per cent. The congress is elected from among the employees.

REQUIRE TIME FOR SETTLEMENT

(By Associated Press)
Washington, March 5.—Final adjustment of financial and legal questions arising from government control of the railroads will require a considerable time, Director General Hines said today.

More than 1,400 officers and employees have been cut off the government pay roll as result of the roads' return to private control.

LEGION HEAD ASKS LUMP SUM FOR EACH MAN

Brands Soldier Relief Proposals "Miserly" and Asks \$500 For Each Ex-Service Man

Other Soldiers' Organizations Ask Various Amounts

(By Associated Press)
Washington, March 5.—Payment of a lump sum of \$500 to each person who served in the military or naval forces of the United States was urged before the House Ways and Means committee today by M. G. Sperry, national president of the Private Soldiers and Sailors Legion.

He opposed proposals of representatives of other soldier organizations for adjusted compensation varying from \$30 to \$50 for every month of service and said the services of four million young Americans never could be paid by "the skimping miserly additional compensation bills pending before congress."

JAPS DECIDE TO WITHDRAW

(By Associated Press)
Honolulu, March 5.—The Japanese government has decided to abandon the Siberian expedition, in line with the American policy, according to a Tokyo cable dispatch received here today.

Columbus, O., March 5.—Chief of Police, Charles Carter, after 12 years service, today tendered his resignation giving ill health as the reason.

DEFRAUD UNCLE GO TO PRISON

(By Associated Press)
Detroit, March 5.—Grant H. Browne, wealthy New York sportsman and Lester Waterbury, convicted last night of conspiracy to defraud the government, were sentenced in federal court today to serve respectively 2 years and 18 months in Leavenworth prison.

SUFFRAGISTS AWAIT NEWS FROM STATES YET TO RATIFY

From left to right: Mrs. Lawrence Lewis, Philadelphia; Mrs. Abby Scott Baker, Washington; Miss Anita Politzer, Miss Alice Paul, Mrs. Florence Brewer Boeckel, Washington, and Miss Mabel Vernon, standing.

Miss Alice Paul and the heads of the various departments of the National Woman's party are shown here at the headquarters in Washington. Four states are still needed for ratification of the suffrage amendment and the women are anxiously awaiting news from those states which are calling special sessions of the senate. The women in the group are: Mrs. Lawrence Lewis, Philadelphia, treasurer; Mrs. Abby Scott Baker, Washington, political chairman; Miss Anita Politzer, legislative secretary; Miss Alice Paul, chairman; Mrs. Florence Brewer Boeckel, Washington, press chairman, and Miss Mabel Vernon (standing), secretary of the National Woman's party.

ENDEAVOR TO PREVENT DEAD-LOCK ON TREATY

Hitchcock Appeals to President As to Whether He Will Accept Changes.

RECONSIDERATION PROCEEDS

President's Action is Expected To Decide Fate of Treaty

(By Associated Press)

Washington, March 5.—Still hoping that the peace treaty may be saved from another deadlock, democratic senators today sought to lay directly before President Wilson the latest proposals discussed as a possible compromise basis on Article ten.

While reconsideration of the republican reservations proceeded in the senate, Senator Hitchcock understood to have written the president asking that he see administration senators and give them his views as to whether he would accept the compromise proposals now under consideration.

These proposals are said to contemplate change in the republican Article ten reservation so that military force and other specific agencies would be named as means which the United States decline to use to preserve the integrity of other league members.

The move for conference with the president is said to have grown out of negotiations which have been in progress several days under charge of Senator Simmons of North Carolina, for the democrats and Senator Watson republican, for the republicans. Yesterday a democratic senator who went to the White House did not get to see Mr. Wilson and after talking with Secretary Tumulty is said to have returned to his colleagues without a definite idea as to whether the president would accept a compromise proposed.

The reservation declaring the reparations commission shall not interfere with trade between the United States and Germany except with consent of this country, was re-adopted without change today.

RUSHING WORK ON BILL'S HOME

(By Associated Press)
The Hague, March 5.—Holland's answer to the second Allied note relative to the extradition or internment of former Emperor William of Germany, probably will be handed Premier Lloyd George by the Dutch Minister in London this week.

Intimations have been given that the Dutch government will express its willingness to guard the former monarch and prevent anything that might threaten the peace of Europe.

Night and day shifts are working on the Kaiser's new residence at Doorn, and it is reported he will move there from Amerongen on May 12.

GOLD MOVEMENT TO U. S. NEAR RUMORS INSIST

Foreign Exchange Continues To Improve With Pound Advancing.

Bankers Say They Know Nothing of Influx of Gold to U.S.

(By Associated Press)

New York, March 5.—Foreign exchange continued to improve today, demands sterling opening at \$3.60 to \$3.63 as compared with yesterday's maximum of \$3.58. A canvass of the exchange situation among leading international banking houses today disclosed considerable confusion and difference of opinion respecting imminence of gold imports from England and possibly from France.

Banks having close relations with the British Government were not disposed to give credit to reports that an extensive gold movement from London to this market is to be inaugurated.

POLAND FACES RED INVASION

(By Associated Press)
Washington, March 5.—Officials' advice to the state department say an invasion of Poland by the Bolsheviks is imminent, the house rules committee was told today by William Castel, in charge of the department's Central European Division.

The committee is considering an appropriation for food relief in Austria and Armenia.

COMMUNITY BUILDING DESTROYED BODY FOUND

Fire Causes \$80,000 Loss In Camp Sherman Early Friday

CHARRED BODY FOUND

Another Occupant of Building Reported Missing

(Special to Herald)

Chillicothe, O., March 5.—Fire, which originated over the kitchen about 1:30 this morning, completely destroyed the Community House at Camp Sherman, and at least one unknown occupant of the building perished in the flames, daylight revealing the charred body in the debris. Origin of the fire is unknown.

Three persons were in the community building at the time the fire started, a cook and two soldiers. The cook and one soldier are still missing, and it is not known whether the body was that of the cook or soldier.

The flames were fanned by a high wind, but the Camp fire department handled the fire in good shape. The loss is placed at \$80,000. No other buildings were endangered.

TWO MISSING IN CAMP FIRE

(By Associated Press)
Chillicothe, O., March 5.—Private Ernest Wagner and Robert Williams were missing today following the fire which last night destroyed the community house.

Sixteen employees were asleep in the building when the fire was discovered. Many valuable records were destroyed.

WOUNDS CAUSE DEATH OF MOORE AFTER STRUGGLE

After a struggle against death since last Monday when he attempted to take his life by firing six bullets into his head and chest in a fit of demoralization that was brought on by a severe attack of influenza, William H. Moore, 29, died a few minutes before five o'clock Friday morning.

When he passed away Moore had an unclouded mind and did not know of the shooting; he was never told that he had attempted to take his life.

Only the remarkable constitution and physical strength of the man ward off death for five days after the shooting took place. A short time before death came Moore's temperature exceeded 107 degrees.

A wife and three children, Harrison, Neal and Ruth, the eldest four years and the youngest fourteen months, survive; also a father in Centerville, Mich., a sister in Dayton, and a brother in Indiana.

Funeral services will be held Sunday morning at ten o'clock at the home on West Market street. Burial will be made in the Spring Valley cemetery.

FORECASTS OPERATING LOSS

Ottawa, Ont., March 5.—Government railways of Canada, including the recently acquired grand trunk lines, will be operated at an estimated loss of \$30,000,000 during the coming year, according to reports current here Thursday. This loss is said to be provided for in the railway estimates about to be presented to Parliament.

Howard Cann.

Eastern college athletic followers believe that Howard Cann, captain of New York University's football team last year and an all-around athlete, will make the Olympic team selected to represent the U. S. at the games in Antwerp and will prove a valuable man.

FEDERAL BANK CLERKS MAY WED ON \$125 MONTH

Rules Issued in Chicago Reserve Bank Out of Ordinary

Claim Couple Must Pay \$125 Month To Live

(By Associated Press)
Chicago, March 5.—A book of rules for employees of the Federal Reserve Bank of Chicago, circulated today says, "No mail employee receiving less than \$125 a month salary will be permitted to marry while in the service of this bank without first taking the matter up with the chief clerk."

Bank officials said that is the least amount on which two may live these days.

TEMPERATURES DROP ON HEELS OF SNOW STORM

Blizzard Will Reach Atlantic States Tonight is Forecast

Force Dwindles As Cold Snap Rushes Eastward

(By Associated Press)
Washington, March 5.—The March blizzard which overspread the Middle West yesterday with snow and low temperatures will reach the Atlantic coast tonight, the weather bureau today predicted.

The strength of the blizzard, it was said, has been disseminated in part, and although the rain falling along the Eastern seaboard today will turn to snow, the fall will be light.

Much colder weather will follow. Snow as far south as northern Alabama and unusually low temperatures over the entire south was forecast. Below freezing weather was said to be in store for Georgia and another frost for Florida. The blizzard left clear, cold weather in its middle western wake.

DEATH SUMMONS AGED RESIDENT FRIDAY MORNING

*Mrs. Ruth Brownell Passes
Away After Long and
Useful Life.*

*Was One of City's Early
Residents and Beloved by
Host of Friends.*

After but a few weeks of illness, bringing to a close almost 85 years of active life, Mrs. Ruth Brownell, widow of the late Charles Henry Brownell, quietly entered into eternal peace Friday morning at half past nine o'clock at the Brownell home, 1400 North North street, which had been her home for over half a century.

Mrs. Brownell was one of this city's strong pioneer women, always taking her stand on the side of the right and those things which were for the highest interests of the community. She was followed by a deep sense of one of Fayette County's Crusaders, both community and personal loss. Notwithstanding her age, which would have marked the 85th milestone in May, she retained her faculties and strength of personality until the

end and leaves to her family and a wide circle of friends much to cherish in the memory of her brave spirit, undaunted in life and in death.

Mrs. Brownell, who was Ruth Barnett before her marriage, was born in Hoosic, New York, May 20, 1835, and was the youngest and last of a family of twelve children.

She was wedded to Chas. H. Brownell September 25th, 1860. The home was made in Chillicothe until 1862, when Mr. and Mrs. Brownell moved to this city, and Mr. Brownell founded the now widely known business of the Brownell & Sons Packing Co.

Since the death of her husband in 1902, the utmost affection has been given to the mother by the surviving children, Lucy, who made the home with her, and her 2 sons, Henry and Herbert. While her interests were broad Mrs. Brownell found in the loving care with which her children and grandchildren surrounded her her first interest and greatest happiness and the mutual devotion of the home circle was perfect.

In support and activities of Grace M. E. Church the Brownell family has always been especially prominent and Mrs. Brownell brought a deep interest to the church's success and its various organizations. She was one of Fayette County's Crusaders, her zeal for temperance never flagging, always ready to assist in the charity work of the city and responsive to every call of the needy.

Funeral services will be held Monday afternoon at 2 o'clock from her recent home and burial be made in the family lot of the Washington cemetery.

IS ARRESTED HERE ON SERIOUS CHARGE

Ed Hutchinson, aged about 55 years, was arrested on the Homer Garrett farm on the Worthington pike in southwestern Fayette, Thursday evening, on a serious charge filed by the parents of an eleven year old girl of Portsmouth.

Hutchinson, who was reputed to be a "bad man" showed no indications of living up to the term until he entered the jail, when he made threats which resulted in his being locked in a cell for the night instead of being allowed freedom of the corridor.

The man denies the charge lodged against him and says it is spite work. The wife accompanied him to this city and insisted upon being placed in jail for the night, but her wish was not granted. Deputies A. C. Nelson and C. W. Perry made the arrest. Scioto county authorities wired that they would reach this city Friday afternoon and take the man back with them.

DEALERS SEE RELIEF IN COAL SITUATION

Prospects for an improvement in the coal situation in this city are brightening, it was announced by a local dealer Thursday.

Several coal dealers have coal on the way and unless unforeseen developments come such as congestion on the railroads or in the yards some relief is expected shortly.

There was very little coal in the dealers bins Thursday but the few warm days of this week have momentarily slackened the heavy demand for fuel and the shortage has not been felt by the public as on former occasions when the mercury hovered around the zero mark.

Shall We Change Time?

Will Washington be obliged, after all the agitation throughout the nation for a repeal of the "Daylight Saving Law" and a final repeal by Congress over the president's veto, return to the order of time—summer and winter schedule—rejected as not worth while by the national legislative body? It looks it now.

Columbus, Cincinnati and other large cities of the state, as well as many of our smaller neighbor municipalities have, by ordinance declared their intention to move the hands of the clock back one hour during the summer season, thus giving an hour more of daylight by the clock.

While we have always favored the daylight saving law, yet a return to the old regime would not be so important if there was uniformity in time among the cities of the land.

With all of our neighbor cities, or the great majority of them on the old daylight saving schedule, it now seems that this city, if we would avoid costly and annoying confusion, will be obliged to go back by ordinance of council to the daylight saving schedule regardless of the national law.

If Congress in repealing the daylight saving law had made it illegal for municipalities to legislate a different time from the one decreed by the national laws, there would have been no confusion and we could have all gone along with a uniform time.

Now we seem to be right back where we started from only instead of a uniform change by congressional decree as was the case formerly, we must now do the same thing by city ordinance.

It looks now as if there was nothing for Washington to do but to get in line with an ordinance.

Good Advice

It must be evident to the majority of observing people that only a comparatively small part of the labor element of the country is in sympathy with the extreme attitude which, to judge by the noise made, appears to be the position of labor leaders in general.

There is such a thing as having good advice from the inside, and such advice is contained in an article appearing in the Electrical Worker from the pen of William Noonan, a genuine union man.

The time has come when the worker, as well as the employer, should look to the general good of all as more to be desired than the selfish ambition of either class. Mr. Noonan says:

"We cannot force the contractors to pay us more money than they can get out of their contracts. The employer cannot force us to work for less than we can live on. The public cannot afford to pay exorbitant prices for work done.

"Tilting wages on the one hand results in tilting prices on the other, and the mass of people cannot stand this forever. Capital everywhere is studiously considering ways and means to intensify production of goods and materials as the only solution. We in turn must consider ways and means to intensify our production by doing more work in the same time than we have been doing.

"Gone is the day when we could think that it was simply a case of getting all they could for the least they had to pay. It has now come to a condition where both capital and labor are vitally concerned in the economic disaster which is sure to overtake our country should conditions continue as they are going."

POETRY FOR TODAY

TO A PICTURE

The years are many since I placed you there
Above the mantel. Through dark days
and fair
I have looked up into your patient face
Sure of the welcome I could always trace,
Sure of the strength wherewith to meet the day
You never failed me. When life seemed
to be
A thing of doubt, of hopeless mystery.
A tangle which the fingers of my mind
Could not unravel, grasp, wherewith
to wind.
One glance, and, to the ball stood
wound and straight.
And I, no more the fool of chance or fate,
Had caught a glimpse of One enthroned
on high
Who marks the sparrows even when they die.
And when my cup was brimming full
with cheer,
It was your look that made the wine
so clear,
Your faith, your hope, your depth of charity,
That gave its flavor such a rarity.
Because of this you daily give my soul
I go my way in peace, nor fear the whole,
Knowing the land that gave your spirit birth
Has yet its ardors leaping in her earth.
That from her soil one day there shall arise
Another with your vision in his eyes.

EAGLE STRAW SPREADER Turns Straw to Profit.

You carefully save every possible grain of wheat. Then why not utilize your straw, when the average stack is worth \$100 to \$200 and contains enough fertilizer to produce about 120 bushels more wheat. Spreading straw often saves an entire crop from winterkilling or drying out. Eagle Straw Spreader users say spreading straw builds up fields and pastures, stops soil-blowing and

increases profits \$5.00
to \$25.00 per acre.

The "Eagle" spreads 20 acres per day better and smoother than you ever saw the job done, and without the backache. Spreads dry, wet, lumpy or rotted straw. Works perfectly in a high wind. Hitches to any wagon. Nothing to install. Large adjustable hopper, no spilling. Easy to pitch into. Very light draft. Users say: "Best investment a farmer can make." Read the "Eagle" Book. FRIENDS NOTICED BIG IMPROVEMENT

Petersburg Man Gained 12 Pounds in 30 Days—"Tanlac Put Me On My Feet," He Says.

"I wasn't looking so much for gain in weight as for relief from my suffering but I have gotten both, and you may know by that what I think of Tanlac," said T. T. Morris, a well-known resident of 216 Brown street, Petersburg, Va., recently.

"Since I began taking Tanlac, about a month ago," Mr. Morris explained, "I have gained twelve pounds and my friend have noticed my wonderful improvement."

"For several years I have been rocking along in a half sick condition, feeling tired out and no account all the time. But 3 years ago I began to get worse rapidly, got so I could not attend to business or do any kind of work. I would bloat up after eating, have intense pains in the pit of my stomach and my heart would palpitate until I thought each breath would be my last. I actually dread for night to come, for I could hardly sleep lying down and at times I had to sit up in bed all night in order to breathe. I had to stay in bed for days at a time and when up I could hardly get around at all. I had awful pains in my sides and I also had rheumatism so bad I could hardly bear to move my arms and my legs hurt so I couldn't walk without dragging my feet. Nothing I ate agreed with me, there was a continuous gnawing in my stomach.

"Nothing did me any good and I was told that I would never get over my troubles. I had been reading what others said 'Tanlac had done for them' and as a last resort decided to try it. Well, sir, I had good results almost immediately after I had taken but a few doses. I was feeling better than I had in months and by the time my first bottle was gone there was all the difference in the world in my condition. No more sleepless nights for me now, for I breathe free and easy and sleep like a child. Everything agrees with me perfectly. I never have any more pain, palpitations or distress of any kind after eating. My legs and arms don't hurt me any more and I can get around as spry and work about as well as I could when I was a young man."

"Tanlac is sold in Washington, D. C., by C. S. Haver and in Jeffersonville by J. B. Davis.—Adv.

The Starting Test Shows Quality of Gas

To test the fuel you are using—to determine whether it is quick firing or not—watch the motor when starting, count if you can the revolutions necessary before firing.

All conditions equal, motor, carburetor, oil, ignition and atmospheric.

Liberty Gasoline Requires Least Number of Revolutions

because it fires quicker. Its quick-firing is due to its low temperature vaporization.

Then there is another feature to this quick firing fuel. It is a great help to the battery and a great saver of your patience. If you were required to crank the motor you would demand easy firing fuel—be just as considerate of your battery and it will run longer without re-charge or repair and last longer.

Inasmuch as Liberty Gasoline costs you no more than ordinary kinds, why not try it? You have nothing to lose, and if you continue its use you have much to gain. Try it next time your tank is empty—you can't judge it honestly if you mix it.

RANDOM NOTES

SOCIAL : PERSONAL MENTION : CLUBS

If ever there was a jollier stag dinner, with every contributing feature which could possibly add to its brilliancy and pleasure, than that entertained by Mr. and Mrs. V. R. McCoy at their country home, Thursday night at seven o'clock it isn't on record.

It was given in honor of Mrs. McCoy's brother, Mr. Howard Hagler, who joined with the host and hostess in most cordially extending the hospitality for which this home is proverbial.

The long table was laid with fifteen covers and had for its centerpiece a beautiful arrangement of box-wood and bitter sweet. The dinner itself fluent as were some of the guests, there wasn't one who could command adjectives to do it justice. There was more turkey than most people have seen since before the war and all the viands that specially go with it generously served, with the unusual accessories of golden country butter and rich cream. When the last course was reached, a beautifully embellished desert, the guests had arrived at the stage which led one of them to declare that "a man ought to be shot at sunrise" who would disturb anything as pretty as that and with the serving of coffee Mr. George H. Hitchcock recited touchingly Owen Meredith's bit of verse upon dining.

The guests, comprised with one or two absentees, the members of "The Georgetown Fair Club" and the after dinner hour called forth reminiscences galore concerning the memorable trip made by these men last Fall to the Georgetown Fair—the most unique Fair in the country, with its beautiful grounds always crowded yet not racing, but the best showing of saddle horses in the country.

That Georgetown trip with its barbeque on the creek banks enroute home, is a never to be forgotten memory and the men freely expressed their gratitude to Mr. Ed Fite for having been born there and loyally instigating the trip.

These reminiscences developed into a round table discussion, led off in his usual happy vein by Mr. Nolin Hathaway encouraged by Mr. Hagler's dry wit. This resulted in the setting of many vexatious problems of the day, both political and domestic.

It was only the lateness of the hour which finally broke up the gathering and the reluctance with which the guests left was the best possible evidence of the success of the dinner.

Those who participated were: Messrs. Charles Allen, Nolin Hathaway, George H. Hitchcock, Horace Wilson, M. E. Hitchcock, Rell G. Allen, Ed Fite, Walter D. Craig, Earl Barnett, Roy Hagler, C. N. Baer, Forest Tipton, R. T. McClure.

An extremely pretty miscellaneous shower was given by Mrs. Ray Maddox, on South North street, Thursday night in honor of Mrs. Emory Maddox, (nee Grace Rhoades) a bride of last Sunday.

The guests were the intimate friends of the bride, who, looking as

pretty as a picture in a gown of blue taffeta, made with short sleeves and trimmed in little plaited frills, responded charmingly to their joyous good wishes. There was also much proof of the guests interest in the large number of beautiful gifts, chiefly silver and cut glass.

The color scheme of green and white was effectively used in the decorations. The table, upon which the gifts were arranged, was lovely with a big Kiepie doll dressed as a bride in the center, beneath a canopy of overhead green streamers, caught to the chandelier with a big bow. Garlands of hearts extended from the bride to the corners of the table. The prevailing tints were used in the delicious luncheon served.

Mrs. Maddox was assisted by her cunning little daughter Carrie Elizabeth, and mother-in-law, Mrs. Thomas S. Maddox.

The Young Woman's Foreign Missionary Society of the Grace M. E. Church met in the church parlors for their March meeting Thursday afternoon. Meadames Frank Blessing, Glenn Woodmansee, Walter Jones, and Warren Hicks acting as hostesses.

Mrs. Elmer Junk opened the meeting, assisted by Mrs. K. B. Alexander. The lesson study was conducted by Mrs. Martin Morris and an interesting pamphlet on "Our Missionary Hospital" was read by Mrs. Ralph Penn.

For the remainder of the afternoon the women hemmed two dozen towels for the hospital in Korea, each adding a wash cloth from her own linen chest, to be sent along with the towels.

Before adjournment the hostesses served light refreshments.

The regular monthly meeting of the C. W. B. M. of the Christian Church met at the home of Mrs. H. L. Spray, Wednesday afternoon with an attendance of twenty-seven members.

Mrs. Charles Lewis was program leader and Mrs. John Van Gundy was in charge of the Bible study. An article on "Opening the Great Closed Land for Petrus Rijnhart, Pioneer Missionary Through Tibet" was read by Mrs. Jasper Blackmore.

Miss Stella West played a much enjoyed piano solo, and "A Visit to Gar-tok" was given by Mrs. J. L. Cadwallader. Hidden Answers were under the supervision of Mrs. J. C. Vlerobome.

Following the usual custom the hostesses served appetizing refreshments, and there was an enjoyable social time.

Mrs. Ed Hunt, of Charleston, W. Va., who is visiting her parents, Mr. and Mrs. John Bishop has been spending a few days in Columbus with her sister, Miss Helen Bishop.

DRIVE AWAY HEADACHE

Rub Musterole on Forehead and Temples

A headache medicine. Relieves headache and that miserable feeling from colds or congestion. And it acts at once! Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister. Used only externally, and in no way can it affect stomach and heart, as some internal medicines do.

Excellent for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, all pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet, colds of the chest (it often prevents pneumonia).

NEW LOCOMOTIVES REPLACED OLD ONES

Through passenger trains passing through this city over the Midland Division of the Baltimore and Ohio Railroad are being hauled by the heavy Pacific type of engine, a new type which has six drive wheels and are also heavier and longer than the engines which they replaced. The new locomotives are capable of hauling a dozen coaches with ease.

The serial numbers of the engines are in the 5000's.

MEMOIR—SHIPLEY

Thomas Sargent Shipley was born at Mikinn, Maryland, September 27, 1837 and was called Home, February 28, 1920 after having spent 82 years, 5 months and one day in this world.

From early childhood he believed that all men were created equal no matter what their color. While only a lad he spent a great portion of his time teaching the slaves on his father's plantation to read and write. This did not agree with the Aristocratic ideas of the head of the household and in 1857 the son left home and came to the free state of Ohio.

He settled near Williamsport in Pickaway county where he taught school.

The firing on Fort Sumter aroused his patriotism and in the early summer of 1861, he went to Circleville and enlisted in Co. B, 13th O. V. I. As a member of this organization and later of Co. F, 23rd regiment, Veteran Reserve Corps he fought through the campaign in West Virginia and in the great battles of Shiloh, Stone River, Chickamauga, Missionary Ridge, and scores of lesser engagements.

After the war was over, he came back to Pickaway county. Shortly after the war he married Mrs. Anna Skinner, who preceded him to the Heavenly Home on October 28, 1885.

He came to Fayette County in the late seventies and farmed for several years. About 1880 he came to Washington where he resided until his death.

On May 12th, 1894 he united in marriage to Miss Cereida M. Cochran of Clarksburg, Ohio, whom he leaves with the son, Thomas Murray, the foster son Mr. A. L. Parker of Van Wert, Ohio, and a host of friends to mourn his departure.

Honest, loyal and true—loyal to his country, to his family and to his friends—but the pen can not write of his deeds of kindness and friendship—those deeds will forever be remembered by his friends and by those he has helped and comforted in their hours of distress.

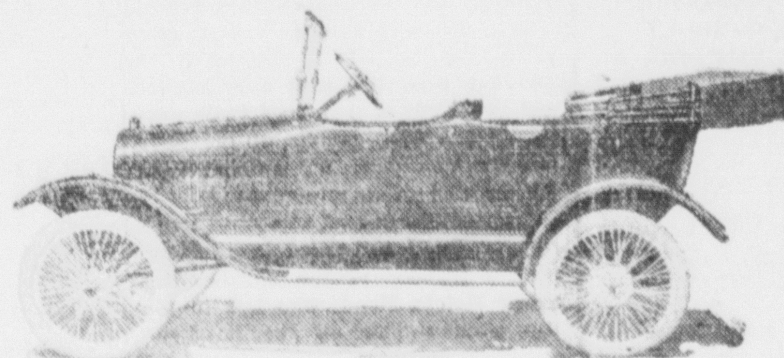

"Soldier rest! Thy warfare o'er.

BETTER THAN CALOMEL

Thousands Have Discovered
Dr. Edwards' Olive Tablets
are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. These little olive-colored tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel.

The pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel. Let Dr. Edwards' Olive Tablets take its place.

Headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "foggy" and "heavy." They "clear" clouded brain and "perk up" the spirits. 10c and 25c.

MARTLINS LOSE TO THE LOCALS 76 TO 35 SCORE

After losing two straight games the Triangles representative basketball team of the Y. M. C. A. turned on the local floor Thursday evening and won a decisive victory, 76 to 35.

The Triangles were determined to take the game played at high speed even when the score had mounted to a safe margin over their opponents. Featuring the game was the goal shooting of Hays at right forward. Hays put fifteen field baskets through the rings. Peterson was a close second with eleven to his credit.

There was a great difference in the style of attack of the two teams; short snappy shots right beneath the basket scored for the Triangles and pass-work took the ball up the floor. The Martlins used the long shot method and two-thirds of their field goals were scored from the middle of the floor. Snetzer was good for seven of the variety that brought applause.

Corder, who played at center, was a regular guard and filled in at center in the absence of the Martlins tall tosser Heinie Mead, who left to join the pitching staff of the St. Louis Cardinals, National League team this week. Mead made a name for himself in baseball when he won the high

school pennant for Commerce High last year. His battery mate was Joe Wynman, former local student of Washington High School.

Referee Myers announced during the game that on next Wednesday evening, Grove City will play the Triangles on the local floor. Grove City was the second team to defeat the Triangles this season and another hard game will result.

People With Thin, Pale Blood Are
Listless And Want to

MORE RED BLOOD CELL NEEDED

Take Pepto-Mangan, Famous Tonic,
and say "Let's Go," Instead
of "Let's Don't!"

When normally healthy, ambitious people begin to lack energy and tire easily—when they are quickly discouraged and low in vitality, it usually means their blood has grown weak.

Such people are called enemic, or "run-down." Build up blood and you build up the health and spirits. Pepto-Mangan is a pleasant-tasting red blood builder and it contains exactly the elements which poor, pale blood needs to become rich, red blood.

Red blood means rosy cheeks, bright eyes, a clear brain, a firm step. Pepto-Mangan has placed thousands of people who needed building up in the full-blooded, energetic, vigorous class. It changes the "let's don't" attitude to a "let's go" attitude. Recommended by physicians for thirty years and sold all over the world.

Pepto-Mangan is sold in both liquid and tablet form. Both contain the same medicinal ingredients.

Buy Pepto-Mangan at your drug-gist's. Be sure the name "Gude's" is in the package. Without "Gude's" it is not Pepto-Mangan—Advertisement.

HAD CHRONIC BRONCHITIS FOR TWENTY-SIX YEARS NOW WELL AND HAPPY THIS IS WORTH READING

The experience of Mr. E. J. Tou-palik, 1438 Rose street, LaCrosse, Wisconsin, is chiefly remarkable on account of the length of time he was afflicted.

He writes: "I have been suffering with chronic bronchitis for twenty-six years and every winter I would catch cold and become so hoarse I could not speak for six or eight weeks. I could get only temporary relief.

"This winter I was taken with Grip and was in awful shape. A fellow workman advised me to take PE-RU-NA. By the time I had used three-fourths of a bottle, the hoarseness was gone, also that tired feeling. I am on my second bottle. Hereafter PE-RU-NA will be constantly in my house. It is the best medicine ever put up for the purpose."

For any disease due to catarrh or catarrhal conditions, PE-RU-NA is equally dependable. Coughs, colds, catarrh of the head, stomach trouble, constipation, rheumatism, pains in the back, side and loins, bloating, belching gas, indigestion, catarrh of the large and small intestines, are some of the troubles for which PE-RU-NA is especially recommended.

PE-RU-NA can be purchased anywhere in either tablet or liquid form.

LONDON WANTS SKYSCRAPERS

London, March 1.—(Correspondence of The Associated Press)—"It is time that London grew up," declares the London Evening News, a new convert to the idea that it is time for London authorities to consider seriously

whether taller buildings would not be an improvement on an ever-widening ring of suburbs.

"Well-built skyscraper flats and office buildings would be a boon to Londoners and there is no reason why we should not be as happy in them as New Yorkers are in theirs," adds the paper.

GRAND RELIEF FROM CATARRH.

Mr. McClure says every one can get it just like he did. Three bottles of Decco fixed him up fine.

Also took the ache out of his rheumatism and banished a severe case of constipation.

"I've found out from my own experience that it is foolish for people to be annoyed any longer by catarrh," said Mr. Charles F. McClure, of 2586 Mt. Pleasant Pike, Hamilton, O.

"I know what it is to hawk and spit and try to clear your nose, throat and head for a couple of hours every morning. I know what it is to have a constant dripping into my throat that keeps me constantly trying to clear it out. I also know what heavy breathing and unsound sleep catarrh causes, and the head noises too.

"But I also know after trying lots of remedies, what will go right to the seat of the trouble and overcome these annoying symptoms. Decco will do it. Decco did it for me, and it's foolish for people to suffer like this when this grand medicine is within the reach of everyone.

"Decco also eased a bad case of aching rheumatic joints; got my bowels to acting regular every day, whereas before I used to be severely constipated. This is great medicine and I strongly advise sufferers to give it a trial."

The only way to get rid of catarrh is through the blood. Decco is taken up by the blood very quickly; carried to the weakened membranes and restores them to healthy condition. That's the secret of Decco's power over catarrh.

All good druggists sell Decco and it is highly recommended in this city by

Frank Christopher, Druggist

MASKED MARVEL SOON TO BE HERE

Mort Henderson, known to all wrestling fans as the "Masked Marvel" and conceded to be one of the highest class and most successful wrestlers in the mat game today, will be matched to meet the winner of the bout here March 23, when Paul Bowser and Thor Olson are scheduled to meet in what is expected to be one of the most thrilling bouts ever staged in the city.

The "Masked Marvel" has written another letter to friends in this city, in which he says:

"I am in the best of condition and have been working right along. Would like very much to wrestle Binkley a return match, or any other man you may select, barring none—I don't care who he is."

Henderson lost a match here with Cliff Binkley when he sustained a fractured rib in a fall. Local fans believe that matched with either Bowser or Olson the result would be one of the best bouts pulled off in Ohio his year.

EXPORTS AND IMPORTS SHOW GOOD GAINS

Record breaking imports and a decided increase in exports feature the January trade statement by Bureau of Foreign and Domestic Commerce, Department of Commerce.

Exports for the month are placed at \$731,000,000, as compared with \$682,000,000 in December and \$623,000,000 in January last year. For the seven months ended with January our exports totaled \$4,594,000,000, against \$3,797,000,000 for the corresponding period of the previous year.

Imports jumped to \$474,000,000 from \$381,000,000 in December. In January, 1919, imports were valued at \$213,000,000. For the seven months ended with January imports were valued at \$2,768,000,000 as compared with \$1,698,000,000 for similar period last year.

FINDS OHIO FRUIT PROSPECTS BRIGHT

"Fruit is not hurt in the least as yet, and indications are that there will be a splendid crop." This statement is made by S. H. Moore, chief horticulturist of the board of administration, who has just completed a

tour of the state, in which he visited all the institutions under the board.

"Peach trees have not yet begun to bud, and all advancement has been retarded by the cold weather of the past few months," Mr. Moore said, adding that while it is early to make any prediction as to the crop, there is every indication of a bumper one, unless a freeze comes after the trees have blossomed.

During the melee about 150 juniors were carefully ducked in bath tubs and not a few of the seniors suffered the same fate.

Appearing in reduced size this week, the Greenfield Republican explains the reason as follows:

"The Republican has received a number of obituaries this past week for publication, but has not been able to use all of them and much other matter because of shortage of news print paper. This issue of the Republican had to be kept down in size on account of a shortage of news print and much advertising and interesting reading matter had to be cut out in consequence. The situation as to news print is more serious today than at any time during or since the war."

**HIGH DYING COST
CAUSE OF AGITATION**

Blackburn, Eng.—(By Mail)—Steps have been taken by local carriage proprietors to defeat the "high cost of dying." In addition to conducting interments, the carriages have combined to supply coffins. Charges by undertakers, they claim, are about 100 percent too high.

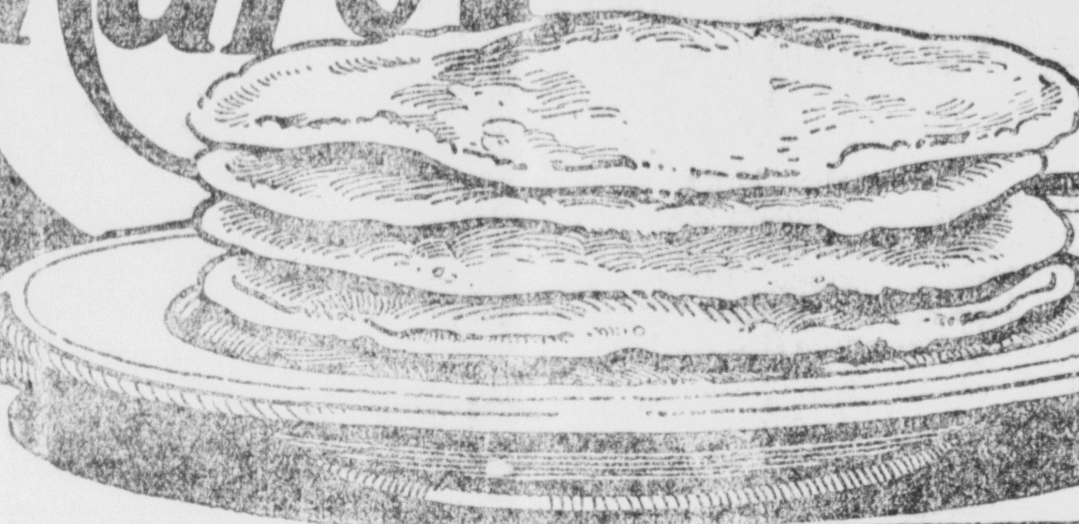

WHEN YOU CATCH YOURSELF PEERING OVER YOUR GLASSES to distinguish distant objects, it's time to get a pair that you can see through. This is an instance where the wearer could use KRYPTOKS with good results. They can be worn with perfect comfort all day long and will serve both your near and far sight requirements; yet there are no ugly dividing seams nor shoulders.

Whether you need bifocals or any other kind of glasses, you will find it to your advantage, both in price and in the results obtained, to have us perform your work for you.

*Don't worry about the high price of jams,
jellies and preserves. Serve Karo, the Great
American Sweet. Buy it by the dozen cans.
An important message. Read it!*

AMONG the twenty odd million American Homes there is probably not a single one where Karo is not served in some manner—for breakfast, for dinner or for supper.

During these days of high prices, Karo has become another word for economy. Thousands of thoughtful housewives have learned that *Blue Label* Karo is not only a delicious spread for pancakes, but answers every purpose where a sweet is needed.

Instead of paying the present high prices for jams, jellies and preserves—serve *Blue Label* Karo on sliced bread, toast, pancakes or waffles.

Do as the wise cooks are now doing: Use Karo to stew dried fruit, prunes; use it for candied sweet potatoes, brown bread, muffins, coffee cake and puddings.

Karo Home-made Candy is the best for children. It is wholesome, easy to make, costs much less than store candy.

Mothers give children *Blue Label* Karo and sliced bread because it satisfies Nature's craving for sweets and takes the place of candy.

IMPORTANT

There never was such a demand for *Blue Label* Karo as today. Housewives everywhere are buying it by the dozen cans. Ask your grocer the price per dozen. For economy's sake buy it this way.

**WORKING MODEL
OF FIRST STEAMBOAT
IN OHIO MUSEUM**

(By Associated Press.)
Columbus, Ohio, March 4.—The original working model of the first steam-

boat ever invented is among the thousands of curios in the possession of the Ohio State Archaeological and Historical Society's museum here. Contrary to the popular impression, this invention is not the work of Robert Fulton, but that of John Fitch. Fitch's steam engine, according to authoritative information in the hands of William C. Mills, curator of the

society, was operated in a steamboat successfully 21 years before that of Fulton's "Clermont" steamed its way up the Hudson.

Fitch's model, invented in 1786, has been in Ohio since 1893 but only recently was turned over to the museum. It was presented to the archaeological society by A. N. Whiting of Columbus, great grand son of the in-

ventor. Whiting discovered the invention among his grand father's possessions stored in their Worthington Ohio home in 1849. Colonel James Kilbourne, the grand father and son-in-law of the inventor, brought the invaluable engine to Ohio when he removed from the family home in East Windsor, Conn.

HARTMAN THEATER

(Columbus, Ohio)

After completing a starring season
in movies, increasing both her purse
and her popularity, Kitty Gordon has
returned to musical comedy, the field
of her first fame. Fresh from a trip
to Paris, where she ransacked every
fashionable modiste's tailor for new
and novel gowns and costumes, the
lovely Kitty comes to Columbus in a
new musical fashion play with the
euphonious title of "Lady Kitty, Inc."
Beginning Monday, March 8, and con-
tinuing Tuesday and Wednesday, at
the Hartman Theatre, Columbus, Ohio
with a matinee on Wednesday, Miss
Gordon will reveal, 'midst song and
dance, the aforementioned gowns and
costumes, each a sonnet in silk and
satin and designed to display the in-
ternational beauty's far-famed back
and figure in all the glory of their
voluptuous virosity. The gowns, how-
ever, are but incidental, for the music
call for Miss Gordon's singing a num-
ber of solos and duets which range
the musical scale and climb the col-
oratur heights and to which Miss Gor-
don's charming mezzo-soprano, rested
and refreshed by her sojourn in the
movies, does ample justice. Her char-
acter is "Lady Kitty Chatterton,"
piece of the British ambassador at
Washington, gone into trade, a role
which gives her acting opportunities
of which she takes the fullest advan-
tage. There is a splendid supporting
cast, headed by Jack Wilson, a dis-
tinctly individual comedian, and in-
cluding Donald MacDonald, Fay Mar-
bo, John Merkyl, Harry Short, Vern
Berensford, Barrett Carman, Jules De-
vow and others.

Qualified by temperament, intelli-
gence, taste and training for their
work of portraying the pottic drama,
E. H. Sothern and Julia Marlowe,
whose return to the American stage
after an absence of several years is
of true artistic importance, come to
the Hartman, Thursday, Friday and
Saturday, March 11, 12, 13. They will
appear in "Twelfth Night," Thursday
evening and Saturday matinee, "Ham-
let," Friday night, and "Taming of
the Shrew," Saturday night. The cur-
tain will rise promptly at 8 o'clock
each night and at 2 on Saturday's
matinee. The most modern settings
and stage equipment are used, the old
realistic sets having been abandoned.
A large and distinguished company
will be seen in support. It will be
a delightful three-day session of
Shakespeare under the most delight-
ful auspices.

FEELING LIKE A NEW PERSON ALL OVER NOW

This Man Tells How Vola-Tonic
Built Up His Run-Down
System.

"Vola-Tonic built up my system af-
ter I had been weak and run down for
over a year and I want to recommend
this medicine," said George Hill, of
204 Warner street, Cincinnati, O.

"A bout a year ago my system got
in a weakened, rundown condition.
My strength and energy seemed to be
about gone. My nerves got out of or-
der and I couldn't sleep right at night
or get the proper rest.

"I work in a shipping department
and it was about all I could do to get
my duties done in my weakened con-
dition.

"It seemed that nothing would help
me. I tried several medicines but
without results.

"Then I heard about Vola-Tonic and
decided to give this medicine a trial.
I am on my fourth bottle of Vola-
Tonic now and I feel like a different
person.

"Vola-Tonic has built up my sys-
tem and made me so much stronger
all over that I am glad to recommend
this medicine to others.

"Vola-Tonic, 'Builder of Strength,'
brings a good appetite and good diges-
tion. It helps the stomach take
strengthening nutrition from food to
nourish and build up the broken down
tissues and ailing organs of the body.
Vola-Tonic also soothes the nerves
and permits sound, energy, restoring
sleep every night. As a result, full
normal strength and health soon come
to the weakened, rundown man or
woman.

"Vola-Tonic, 'Builder of Strength,'
is being specially introduced in Wash-
ington C. H. at Frank Christopher's
and in Jeffersonville by J. B. Davis.—

Your Future Building Needs Should Be Met Now

There is nothing, which we can see, to be gained by waiting
to do whatever building you have planned, now.

There is no decline in lumber prices in sight and, in fact, the
trend of the market is upward; and this fact is ever present:
whatever you need in buildings are always economical im-
provements.

Farm Buildings Pay

Your need may be a poultry house, a hog house, sheep shel-
ter, machinery shed, or garage. You lose money when you
fail to provide them—they pay good dividends. Whatever
you need, build it now.

NEW MILITARY SCHOOL FOR MEX.
(By Associated Press)
El Paso, Texas, March 5.—Cadets of the Military School of Chapultepec drawn up on the drill field of Mexico's West Point, solemnly swore allegiance to the flag of Mexico, held aloft by President Venustiano Carranza, as part of the ceremonies in honor of the opening of the institution, held in Mexico City, according to "Excelsior." The school had been closed for ten years.
The oath of allegiance was administered as the cannon of the citadel fired a salute of 21 guns in honor of the anniversary of the constitution of 1857 and 1917, which occurred the same day.

BOTHERED WITH COUGH AT SHOW AND AT CHURCH
Lady said she coughed night and day could not sleep good.
"I surely was in a rundown condition and had such a terrible cough I couldn't sleep nights. I would wake up coughing and it was cough, cough, cough about all the time. I had grown nervous too and when in Church, or at a show that cough would annoy me terribly so on the advice of a friend I started taking Earle's Hypo-Cod. It is wonderful medicine. I haven't finished the first bottle yet, but already I can see a grand improvement. It helped me like everything and I sleep well now and am getting rid of the nervousness too. At a show the other night I only had to cough once which is certainly remarkable after suffering for as long as I have," continued one of the many grateful folks in Dayton, O., who asserts Earle's Hypo-Cod is a most powerful and quick acting tonic they ever took to build themselves up with and rid themselves of catarrhal, bronchial and kindred troubles.
Mrs. V. M. Blackburn who resides at 338 W. Fourth S. Dayton is the lady who so enthusiastically recommends Earle's Hypo-Cod above and this splendid preparation is being praised by thousands. It is pleasant to take too and agrees perfectly with the most delicate stomach. Doctors, druggists and chemists. Read the formula on the bottle. Price \$1.25 plus 5c war tax.
Earle's Hypo-Cod is sold here by C. S. Haver's and Frank Christopher's drug stores and the leading druggists in all near by towns.—Adv't.
